Professional Summary

Motivated IT undergraduate with practical experience in full-stack web development and AI integration. Skilled in building responsive, data-driven web applications using modern technologies to solve real-world problems. Eager to apply my knowledge and grow within a dynamic tech team through a hands-on web development internship focused on innovation and intelligent automation.

Education

2023 – Present	B.Sc. (Hons) Degree in Information Technology <i>Faculty of Information Technology, University of Moratuwa</i> Expected Graduation : 2027 CGPA - 3.44 (upto semester 3, out of 4.00)
2020	GCE Advance Level <i>Mahamaya Girls' College, Kandy</i> Z-score :1.6740 Combined Mathematics (B), Chemistry (B), Physics (B)

Projects

Mar 2025 – Aug 2025	SHIFTLY- Employee Management System for Creative Software Company  <i>Second Year Software Development Project (Team Project)</i> Role- Full Stack Developer - Developed a scalable full-stack Employee Management System using Next.js, Spring Boot, RESTful APIs, and MySQL, supporting task tracking, leave workflows, and performance analytics. - Designed and implemented Employee Profile Management, Leave Management, and Event Management modules. Technologies - Next.js, Tailwind CSS, MUI, Springboot, MySQL
2025 – Present	My Portfolio  <i>(Individual Project)</i> Role- Full Stack Developer - Built a modern, responsive personal portfolio website using Next.js, Tailwind CSS, Framer Motion, and GSAP for advanced animations and smooth page transitions. - Developed interactive project galleries, downloadable CV functionality, and dynamic contact forms with form validation and API integration.
May 2025	Todo App- SpringBoot  <i>(Individual Project)</i> Role- Full Stack Developer Built a full-featured Todo Application using Java and Spring Boot, implementing a robust backend architecture with controllers, services, repositories, and models.

- Designed and developed **RESTful APIs** to support **task creation, retrieval, updating, and deletion (CRUD operations)**.
- Integrated **Thymeleaf templates** to deliver a **user-friendly, dynamic web interface** for task management.

Sep 2024 – Oct 2024

VelvetFork – Restaurant Website [!\[\]\(3dfb8d66e81160ad61421a3452093d1b_img.jpg\)](#)
(Team Project)

Role- Frontend Developer

- Developed a **responsive, user-friendly restaurant website** enabling **online table booking, menu exploration, and promotional updates**.

Technologies - HTML, CSS, JavaScript

Skills

Programming Languages: Java | Python | JavaScript | C | Ballerina

Frontend Development: React | Next.js | Tailwind CSS | MUI | HTML | CSS

UI/UX Design: Figma

Backend Development: Springboot

Database: MySQL

Version Control: Git & GitHub

Project Management: Jira | Clickup

Soft Skills: Problem Solving | Team Work | Adaptability | Communication | Attention to Detail

Interests

- AI-Powered Applications
- DevOps
- UI/UX Design
- Cloud-Native Platforms
- Open-Source Contribution

Certificates

- Google AI Essentials [!\[\]\(6c117786eacd86d9626685ebfb559b77_img.jpg\)](#)
- Build Wireframes and Low-Fidelity Prototypes [!\[\]\(a2437798f31357d2bea910e1270385bf_img.jpg\)](#)
- Foundations of User Experience (UX) Design [!\[\]\(9dd987eb45b20044d8d046315fd0a871_img.jpg\)](#)
- Postman Student Expert [!\[\]\(b2673a0d4ccbdfb51c23fba124786aa7_img.jpg\)](#)

Technical Activities

- Innovate with Ballerina Coding Challenge – IEEE x WSO2 (2025)
- Innovate with Ballerina Coding Challenge – IEEE x WSO2 (2024)
- Participate in CodeRush 2024
